

**If You Will** (Dana Cooper/Buddy Mondlock)

I'll walk away  
Call it a day  
If you will  
Leave it at no  
I'll turn and go  
If you will  
If you will

If you jump off a cliff I'll jump off too  
I've never had much sense when it comes to you  
It's true

Looks pretty deep  
I'll take the leap  
If you will  
I'll see it through  
I'll be a fool  
If you will  
If you will

I'll be a monkey's uncle I don't care  
I'll climb up in that tree if you are there  
So there

I'll grow up and face the facts  
If you will  
If you  
But I will always have your back  
If you will  
have mine too

It's all done and said  
Let's rest our heads  
Let's go to bed  
It's all done and said  
Let's rest our heads  
I'll go to bed  
If you will
